Should invite Amy to the ESA meeting also. She knows malathion specific details. She has the peccs toolbox but might be able to squeeze this in.

I won't be able to get in by this time.

Ok. You know the drill on the CR stuff. Probably not going to happen but just in case Monday would be come in and shutdown time.

Other topic will be a brief discussion on the new MaxiFlex training. We can catch up on that when we do PARS.

Enjoy the toolbox
